

1. Webinar Invitation: European real estate – what Israeli investors and their advisers need to know

We are delighted to invite you to our rescheduled webinar on “European real estate – what Israeli investors and their advisers need to know”.

We have brought together a panel of representatives from two of our 'Preferred Law Firms', Gianni & Origoni in Italy and Gómez Acebo & Pombo in Spain, and BCLP speakers from France and Germany to consider:

- How has the COVID-19 pandemic affected the European real estate market?
- Where are the opportunities for investors?
- How 'investor friendly' is each country?
- What is the market forecast over the next 12 months?

The webinar will be moderated by **Nohar Bresler**, BCLP's Tel-Aviv-based consultant.
